

Lakshan Sandeepa

Frontend Developer

PROFESSIONAL SUMMARY

Results-driven Junior Frontend Engineer with a proven track record of engineering scalable web applications and high-performance SaaS platforms. Proficient in React.js, TypeScript, and modern styling architectures (Tailwind CSS, SASS). Experienced in integrating serverless cloud layers (Firebase) for real-time data flow with zero-latency reflection. Focused on clean code architecture, reusable UI design systems, and converting complex operational workflows into intuitive user experiences.

WORK EXPERIENCE

Self-Employed Jan 2026 – Present

Frontend Developer (Freelance / Remote)

- Architected and deployed responsive, pixel-perfect web interfaces using React.js, TypeScript, and Tailwind CSS based on modern client specifications.
- Integrated Google Firebase Suite as a serverless backend layer, implementing real-time data management (onSnapshot), secure user authentication, and persistent dynamic states.
- Engineered robust interactive components combining Framer Motion for UI/UX animations and optimized React state management hooks.
- Managed end-to-end source code pipelines efficiently using Git and GitHub workflows, facilitating automated production deployments via Vercel.

TECHNICAL PROJECTS

Dream Tracker — Academic Analytics SaaS Live Demo

React.js, Firebase, Recharts, SASS

Built an interactive academic tracker featuring gamified focus timers, real-time behavioral data structures, automated study schedulers, and high-density performance charts via Recharts.

Educa — Advance Learning Platform Live Demo

React.js, SASS, State Management

Engineered a comprehensive educational resource platform providing students with organized study materials and downloadable lesson notes through a minimalist React interface.

Unseen_Tapro — Travel Exploration Platform Live Demo

React.js, TypeScript, Tailwind CSS, Firebase

Architected a travel exploration web application dedicated to uncovering and showcasing hidden destinations across Sri Lanka

SKILLS

Frontend Architecture:

- React.js / Next.js (learning)
- TypeScript / JavaScript (ES6+)
- Tailwind CSS / SASS Blueprinting
- HTML5 / CSS3 Architecture
- Redux Toolkit / Context API
- Framer Motion Animations

Backend & Cloud:

- Firebase (Firestore, Auth, Realtime DB)
- RESTful API Integration
- EmailJS Services
- Web Security Layering

Tools & Infrastructure:

- Git & GitHub Workflows
- Vercel / Netlify Deployment
- Vite / npm / Chrome DevTools
- Cursor AI / Claude AI / AI tools

EDUCATION

G.C.E. Advanced Level (A/L)

Teldeniya National School
2020 – 2023

G.C.E. Ordinary Level (O/L)

Teldeniya National School
2017 – 2019

through an interactive digital experience.

info.lanka — Civic Services Index Portal

Live Demo

React.js, SASS, Client Search

Built a responsive civic services index portal aggregating access metrics for 200+ public sector bodies with a custom fuzzy matching keyword search engine.

CERTIFICATIONS

- Microsoft Certified: Azure Fundamentals (AZ-900)
- Cisco Networking Academy: Junior Cybersecurity Analyst (2026)
- IBM SkillsBuild: Cybersecurity Fundamentals
- OpenAI Academy: AI Foundations Certificate
- British Council: English Workplace Proficiency

LANGUAGES

- Sinhala (Native)
- English (Professional Working Proficiency)
